Residential on 1 Acres

North End Va. Beach, Virginia Beach, VA

Timeless estate on Crystal Lake. If you're looking for history in a home, Greystone stands tall as the first full-time residence north of the Cavalier Hotel. This grand home, constructed of blue Vermont granite and green Pennsylvania slate, was completed in 1906 and has recently been lovingly restored to its old-world elegance, but with all the amenities of a 21st century home. Come walk the resplendent formal gardens designed by Doug Arrand and the homeowner or stand in the grand room and experience the high ceilings and beautiful natural light that reflects off Crystal Lake and shines through large windows giving you a sense of spaciousness that is just not found in modern homes today. Every detail and architectural design was carefully calculated and planned and the scale and design features of the residence has stood the test of time and still offers the grandeur and grace today that it provided to those who walked the halls in the early 1900s.

Built in 1906
